

20 July 2020

Kia Ora,

There seems to be a degree of confusion and dissatisfaction with the timing of the weekday draws. At the AGM members expressed a clear preference for a later 11:00 am start because of the cold and the wet lawns.

It is apparent that this is not working. Therefore, the Sports Committee have decided:

From tomorrow - Tuesday 21 July - for GC there will be an official club draw at 10:00 am and a second draw at 11:00 am to include those members who prefer the later start.

This will apply on Monday, Tuesday and Thursday for the remainder of the winter season.

On Saturday and Sunday the GC draw will start at 10:00 am with time limited games if numbers require this. This will also apply for the remainder of the winter season

For consistency, the AC draw will start at 10:00 am on Wednesdays.

If there is a frost - there will be no play until the ice melts.

Susan Leuchars
